INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. §1.97

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants request that the information listed on the attached Form PTO-1449 be considered by the Office during the pendency of the above entitled application, pursuant to 37 C.F.R. §1.97. In accordance with 37 C.F.R. §1.97(h), the filing of this Information Disclosure Statement shall not constitute an admission that any information cited therein is, or is considered to be, material to patentability as defined in 37 C.F.R. §1.56(b). In the interest of full and complete disclosure to the Office, some or all of the art cited herein may not be considered by Applicant(s) or the Undersigned to be material under the new standard of materiality defined in 37 C.F.R. §1.56(b), enacted March 16, 1992, but may be material under the old standard of materiality defined in 37 C.F.R. §1.56(a), last amended on November 28, 1988, or may merely be technical background which may be of interest to the Examiner. In accordance with 37 C.F.R. §1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made.

Serial No. 10/078,013  
Docket No. ROC920010146US2

01 FC:1806 180.00 DA

The references cited herein were previously cited in Information Disclosure Statements filed on February 19, 2002 and May 24, 2004, and it should be noted that each of these papers indicated that the cited references were previously cited in U.S. S/N 10/021,203, filed October 30, 2001, upon which the instant Application claims priority. Furthermore, the claim to priority was mentioned in each of these papers. Thus, pursuant to 37 CFR 1.98(d), no copies of these references were required to be submitted in the instant application.

Nonetheless, the Examiner indicated in the Office Action dated August 18, 2005 that the aforementioned Information Disclosure Statements, as well as the Information Disclosure Statement filed August 4, 2004, did not comply with 37 CFR 1.98(a)(2) as they lacked copies of the foreign and non-patent literature publications. It should be noted, however, that the Information Disclosure Statement filed August 4, 2004 did not contain any non-U.S. patent references, so the Examiner's indication in the Office Action did not apply to that paper.

Applicants discussed the Information Disclosure Statements with the Examiner on December 15, 2005, and the Examiner requested that Applicants resubmit copies of the non-U.S. patent references. Otherwise, the Examiner was in agreement that all of the art submitted by Applicants would be considered by the Examiner. Accordingly, the non-U.S. patent references have been resubmitted, along with copies, per the Examiner's request. Applicants do wish to reiterate for the record, however, that the original citations of these references were in compliance with 37 CFR 1.98, and as such, were timely submitted.

Applicants have also cited herein U.S. Patent No. 6,401,080, which was based upon U.S. S/N 08/821,935, one of the two applications cited in the Information Disclosure Statement filed February 19, 2002. Accordingly, no copy of this application is enclosed herewith. The other cited application, S/N 08/822,993, is abandoned, but a continuation thereof (U.S. S/N 09/100,595, filed on June 19, 1998) is currently under appeal. A copy of the original application is provided herewith along with the copies of the other non-U.S. patent references.

As a final matter, Applicants note that another Information Disclosure Statement was filed on August 16, 2005, but no initialed copy of the 1449 form has yet been received.

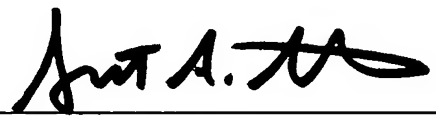

Applicants trust the Examiner will consider the art cited in that paper, and return an initialed copy of the 1449 form to Applicants in the Examiner's next communication.

This Information Disclosure Statement is being filed under 37 C.F.R. §1.97(c) before a final action or notice of allowance. The filing fee of \$180.00 (for other than a small entity) is to be charged to our Deposit Account No. 23-3000.

Date: December 16, 2005

Respectfully submitted,

By
